

[별표 3] <신 설>

제3조제4호에 따라 기존화학물질로 인정하는 물질

| 고유번호         | 화학물질명(CAS No.)                            |
|--------------|-------------------------------------------|
| 97-1-4       | Guazatine, salts                          |
| 97-1-9       | Lead compounds                            |
| 97-1-11      | Nicotine, salts                           |
| 97-1-39      | DNOC, salts                               |
| 97-1-57      | Lasalocid, salts                          |
| 97-1-87      | Monensin, salts                           |
| 97-1-90      | Inorganic cyanide compounds               |
| 97-1-91      | Inorganic zinc, salts                     |
| 97-1-92      | Inorganic silver, salts                   |
| 97-1-93      | Inorganic tin, salts                      |
| 97-1-10<br>2 | Benzidine (CAS No. 92-87-5)               |
| 97-1-10<br>2 | Benzidine, salts                          |
| 97-1-11<br>7 | Blasticidin-S, salts                      |
| 97-1-11<br>9 | Arsenic compounds                         |
| 97-1-13<br>1 | Salinomycin, salts                        |
| 97-1-13<br>4 | Selenium compounds                        |
| 97-1-13<br>8 | Triaryl tin hydroxide(수산화트리아릴주석의무수물을포함한다) |
| 97-1-13<br>8 | Triaryl tin hydroxide, salts              |
| 97-1-13<br>9 | Trialkyl tin hydroxide                    |
| 97-1-13<br>9 | Trialkyl tin hydroxide, salts             |

|              |                                        |
|--------------|----------------------------------------|
| 97-1-13<br>9 | Tributyltin compound                   |
| 97-1-14<br>0 | Mercury compounds                      |
| 97-1-14<br>4 | Strychnine, salts                      |
| 97-1-15<br>5 | Anabasin, salts                        |
| 97-1-15<br>6 | Aniline, salts                         |
| 97-1-16<br>7 | Nitrous acid, salts                    |
| 97-1-17<br>6 | Inorganic antimony compounds           |
| 97-1-18<br>3 | Alkyl aniline                          |
| 97-1-18<br>3 | Alkyl aniline, salts                   |
| 97-1-19<br>8 | Chloric acid, salts                    |
| 97-1-20<br>0 | N-Alkyldimethylbenzylammonium chloride |
| 97-1-21<br>9 | Warfarin, salts                        |
| 97-1-25<br>0 | Cadmium compounds                      |
| 97-1-25<br>8 | Cartap, salts                          |
| 97-1-27<br>1 | Chromic acid, salts                    |
| 97-1-27<br>2 | Crimidine, salts                       |
| 97-1-28<br>6 | Chlordimeform, salts                   |
| 97-1-29<br>6 | Tetraalkyl lead                        |
| 97-1-29<br>9 | Toluenediamine, salts                  |

|                |                                              |
|----------------|----------------------------------------------|
| 97-1-30<br>0   | Toluidine, salts                             |
| 97-1-32<br>3   | Paraquat, salts                              |
| 97-1-33<br>4   | Phenylenediamine, salts                      |
| 97-1-33<br>9   | Pentachlorophenol, salts                     |
| 97-1-37<br>6   | Fluorosilicic acid, salts                    |
| 97-1-37<br>7   | Fluoroboric acid, salts                      |
| 97-1-37<br>9   | Fluoroacetic acid, salts                     |
| 97-1-39<br>5   | Picric acid, salts                           |
| 97-1-39<br>7   | Piproctanyl, salts                           |
| 97-1-41<br>1   | Hydroxylamine, salts                         |
| 97-1-41<br>2   | 2-Naphthylamine hydrochloride (612-52-2)     |
| 97-1-41<br>7   | p-Dimethylaminobenzenediazo sulfonate, salts |
| 97-1-42<br>5   | 2,4-Dichloro-6-nitrophenol, salts            |
| 97-1-45<br>1   | N-Alkyl toluidine                            |
| 97-1-45<br>1   | N-Alkyl toluidine, salts                     |
| 97-1-46<br>8   | 2-Hydrazinoethanol, salts                    |
| 99-1-50<br>6   | Dichromic acid, salts                        |
| 2000-1-<br>509 | Cetrimonium, salts                           |
| 2005-1-<br>547 | 3,3'-Dichlorobenzidine, salts                |

|         |                                                                                      |
|---------|--------------------------------------------------------------------------------------|
| 06-4-13 | Benzidine sulfate (1:1) (CAS No. 531-86-2)                                           |
| 06-4-13 | Benzidine sulfate (CAS No. 21136-70-9)                                               |
| 06-4-14 | Strychnine arsenate (CAS No. 10476-82-1)                                             |
| 06-4-14 | Strychnine dimethylarsinate (CAS No. 10476-87-6)                                     |
| 06-4-14 | Strychnine glycerophosphate (CAS No. 1323-31-5)                                      |
| 06-4-14 | Strychnine hydrochloride (CAS No. 1421-86-9)                                         |
| 06-4-14 | Strychnine phosphate (CAS No. 509-42-2)                                              |
| 06-4-14 | Strychnine sulphate (CAS No. 60-41-3)                                                |
| 06-4-14 | Strychnine sulfate pentahydrate (CAS No. 60491-10-3)                                 |
| 06-4-27 | Anthophyllite asbestos (77536-67-5)                                                  |
| 06-4-27 | Actinolite asbestos (77536-66-4)                                                     |
| 06-4-27 | Tremolite asbestos (77536-68-6)                                                      |
| 06-4-32 | Chlordimeform, salts                                                                 |
| 06-4-32 | Chlordimeform hydrochloride (CAS No. 19750-95-9)                                     |
| 06-4-47 | Phenylmercuric triethanol ammonium borate                                            |
| 06-4-49 | Pentachlorophenol, salts                                                             |
| 06-4-49 | Pentachlorophenol potassium salt; potassium pentachlorophenolate (CAS No. 7778-73-6) |
| 06-4-49 | Tributyltin pentachlorophenolate (CAS No. 3644-38-0)                                 |
| 06-5-1  | Malachite green, salts                                                               |
| 06-5-1  | Malachite green (CAS No. 10309-95-2)                                                 |
| 06-5-6  | Nonylphenols                                                                         |
| 06-5-6  | Nonylphenol ethoxylates                                                              |
| 06-5-6  | Nonylphenol ethoxylates (CAS No. 27177-05-5)                                         |
| 06-5-10 | Chromium(6+ ) compounds                                                              |
| 06-5-10 | Chromium, ion (Cr <sup>6+</sup> ) (CAS No. 18540-29-9)                               |
